About Me

An agile, curious, and collaborative Junior Web Developer with a zest for building top-quality websites and applications - in the least amount of time. Former Signal Technician and part-time Marketing Consultant who is actualizing his childhood dream to become a software engineer. Offering proven competence in solving problems, leading teams, transparent & effective communication, and lucrative endeavors. Seeking a dynamic new role as a Web Developer. With a goal of acquiring the knowledge to become a Senior Full-stack Web Developer in the longer term.
